Praying Together

Timothy Eldred Bio www.timothyeldred.com

Tim serves as the Executive Director of Christian Endeavor International (CE). His responsibility is to make sure the ministry remains accurately focused on its God-given purpose and organizational priorities. He considers it a great privilege to lead such a gifted team of individuals in the mission of this ministry and believes that even after more than 125 years of influence the greatest days for CE are still ahead as God continues to use this movement to assist the church to empower youth to lead the cause of Christ.

Prior to coming on with CE, Tim served as the Executive Director of Crossroads Youth Ministries, Inc. for eight years. This ministry was designed to meet the needs of churches in North America without vocational youth ministry staff. In 2003, Tim co-founded One Passion Worldwide located in Branson, MO. This organization's purpose is to care for needs of churches in overlooked rural communities.

He continues to serve faithfully in a local church. His current role as the Senior Pastor for New Beginnings Christian Family Fellowship in Six Lakes, Michigan, keeps him connected to the real needs facing the body of Christ.

Each year, Tim speaks to hundreds of leaders in local congregations and national conferences teaching principles from his 1:1 Solutions™ Seminars. He also travels worldwide delivering his straight-forward message of living relationship-based lives and building relationship-based ministries. His primary passion for the church is that it would emulate the example of Jesus Christ and equip young people to be leaders within the church and throughout society today.

Tim also serves in the following capacities: President, Crossroads Press, Inc.; Faith-Based Advisory Council, Governor Jennifer Granholm | Michigan; Board of Education, Montabella Community Schools; Board of Trustees, World Christian Endeavor Union.

Above all else, his greatest joy and most important job takes place at home in Edmore, Michigan, where he lives with his wife, Cindy, and their two sons, Parker and Kelton. Together, they work to make the world their backyard and enjoy the blessings God has provided us all.
